

NIBBLES & TIDBITS

REUSABLE: SUSTAINABLE: BAMBOO UTENSILS FOR FRIENDSHIP TIME

We have an opportunity to eliminate one-use plastic by bringing our own eating utensils to friendship time. Making this a new habit is a wonderful idea, kudos to those who brought this subject up again. Included below is the link to a company who puts justice into their operating as well. We can get free shipping with only 7 sets ordered—Please contact me at kaygarner@gmail.com to order your set with carrying case. \$15 is the cost and you can see the product and company at the link below.
